Comments: I just wanted to say I really appreciated Mr. Marks taking the time out of his busy schedule to me with us when he did because we were fixing to make a big mistake. I owe a lot of gratitude to him. As I said we were about to make a \$9000 mistake and luckily I contacted All Texas Foundation and he met with us that evening and evaluated the house and explained to us what the problem was with our property and that leveling the house was not needed. He then explained to us what was going on with our older home that was built in the 1940's or so and we were lucky enough to be able to put that money to use somewhere else in the home. I would highly recommend All Texas to anyone who asked me of someone you can trust. I do have to say it was a breath of fresh air to find someone as honest as All Texas was with us and will be calling him for another project we have later on this year. Sincerely, Judy
